

“Why Intellilink?”

Here’s what our team members have to say. . .

- ▶ “The virtual work environment is flexible, and allows for a more healthy lifestyle”
 - ▶ “I work alongside an elite team of talented consultants”
- ▶ “It’s a chance to work directly with C-level execs at top Fortune 500 companies”
 - ▶ “The exposure to so many different projects, industries, and new technologies has catapulted my career”
- ▶ “I have direct access to the management team and everyone’s ideas are shared with the team”
 - ▶ “The work is always challenging – it never gets stale”

But don’t just take our word for it. Find out for yourself why Intellilink is attracting the industry’s best and brightest consultants.

Backed by a proven methodology, a solid team of subject-matter experts, and a history of success, Intellilink is consistently winning business with top-tier corporate clientele. Which is why we are continually searching for new talent like you – **offering the opportunities you’re looking for, in an environment you can thrive in.**

Our focus

Intellilink Solutions is uniquely focused on the emerging field of knowledge worker automation – primarily working with service organizations and within the IT & HR departments of Fortune 500 companies to help them improve operational efficiency and boost their bottom line.

The fact is, our success depends on people like you.

In today’s corporate landscape, success is increasingly driven by human capital. And our clients know this better than anyone. As service-driven organizations, these Fortune 500 companies have quickly realized that their people—the knowledge workers who apply their domain expertise to complete high-value projects—are its most important asset. And we in turn know that our own success depends on the knowledge workers we bring on board to help them.

Help us make it happen. By joining Intellilink, you will help shape the future of a growing consulting firm by helping to transform the world’s leading service-driven corporations.
